*Charovnitza*

The trademark "Charaynitsa" on the market for only 1 year, but has already won a lot of hearts of buyers! Over the past year,

it has quadrupled sales of confectionery products.

Confectionery products enjoy stable demand both in the Republic of Belarus and exported to 19 countries.

The confectionery production was established on the basis of an existing soft drink production company, founded in 1991.

Today the main focus of the company is the production of soft drinks with a lid Siphon, natural fermented Kvass, as well as high-quality sweets that have no analogues in the complexity and quality of the filling and chocolate glaze.

All the filling and icing are produced on our for this reason, the quality of finished products is always stable and does not depend on third-party suppliers. This approach to production allows the customer to enjoy delicious sweets and be sure of the naturalness of the products!

Also, the company does not forget about regular replenishment of the range. To date, the assortment includes more than 14 types of sweets with various fillings, produced under the trademark "Charaynitsa".

Every year, the range will increase by at least 10 items.

All new products find a response in the hearts of consumers.
